

We'd like to train your entire team for FREE!- Facility Fire Protection.

Please read below and let me know what you think:

We offer half-day and Full-day seminars, see description below.

Our dates are somewhat flexible as we can create a date and class time just for your team of 5 or more; the following are tentative dates selected for 2010:

May 13th

June 17th

July 15th

August 19th

September 16th

October 14th

November 11th

December 9th

Facility Fire Protection Seminar- Half-day or Full-day

Cost: FREE! (includes lunch)

Accreditation: BOMI CPDs

IFMA CEUs

The seminar provides a basic overview of facility fire protection in accordance with NFPA code requirements and local fire authority requirements.

Attendees will gain knowledge of how to maintain their respective fire protection and life safety system while saving money and limiting liability exposure.

Our new training facility offers 12 different dry-pipe, deluge and pre-action valves, 250gpm fire pump, jockey pump, motor controllers, alarms and alarm panel.

Training is conducted in a hands-on environment under actual water flow and operational conditions.

Topics include:

- Dry-Pipe Systems
- Pre-Action Systems
- Deluge Systems

- Fire Pumps
- Fire Detection & Alarm
- Inspections, Testing & Maintenance
- Fire Sprinkler Demonstration

Please let me know what we can do to better train your team.

Respectfully,

Alan Castillo
